### DELAY IS ITS POLICY

Spain Endeavoring to Retard a Settlement of Disputes.

### FEARS EFFECTS OF A SURRENDER OF HER TERRITORY.

Washington, Sept. 9.—Special—It is becoming more and more evident daily that Spain will endeavor to delay the settlement of the war issues with the United States. Her commissioners to the Paris conference have not yet been appointed, nor have those to settle the Porto Rican question received their instructions. The delays, it is believed, are designed for the purpose of embarrassing the United States as much as possible, and in the hope that something may turn up by means of which some of the lost territory may be recovered. The negotiations, it is believed, will be protracted as long as possible, and it may be necessary for the United States to threaten a renewal of hostilities in order to bring about a settlement during the year. Fear of the results at home of the concessions the Spanish government will be compelled to make is thought to be one of the causes prompting to the delay. Enemies of the government are anxious to secure cause for its overthrow, and the surrender of territory inevitable under present conditions will be seized upon by them as proof of the incompetency of the reigning dynasty.

### The Commission Delayed.

Washington, Sept. 9.—Special—The president's inability to secure a democratic member of the peace commission has caused the postponement of the meeting of the commissioners one week. There is no longer any doubt that the American commissioners will propose the appointment of a commission to consider claims filed by American citizens against Spain for injuries to person or property during the rebellion. These claims aggregate about twenty millions.

### Miles and Alger.

Washington, Sept. 9.—Special—The return of Gen. Miles to the city has created a flutter of excitement. Sentiment is greatly divided here as to whether Alger is wise in insisting upon a rigid investigation of the charges made against the department. Officials are incensed against Miles for making so many public statements.

Sensationalists are busy spreading a report that Miles has political aspirations, and even go so far as to declare he wants to be president.

### Sailed For Home.

Washington, Sept. 9.—Special—Gen. Wilson wired the war department this morning that companies F, G, and H, Second Wisconsin, Battery A, First Illinois, one company of the First District of Columbia, Battery C, of Pennsylvania, and several unattached officers and men sailed for the United States from Ponce last night.

### To Strengthen the Navy.

Washington, Sept. 9.—Special—The naval board of construction has agreed on the recommendations made concerning the awards of contracts for building torpedo boats and torpedo destroyers. One of the bidders who will undoubtedly secure contracts is the Union Iron works of San Francisco.

### Gray Has Accepted.

Washington, Sept. 9.—Special—The assistant secretary of state announced this afternoon that Senator Gray had finally decided to accept the peace commissionership. It is stated that Gray's successor on the joint Canadian commission will be Ex-Senator Manderson, of Nebraska.

### Calls On the President.

Washington, Sept. 9.—Special—Gen. Miles called at the white house this morning. He was with the president five minutes. It is said the general called merely to pay his respects. Gen. Miles also called upon Adjutant General Corbin.

### Castillo Declines.

Madrid, Sept. 9.—Special—Senor Castillo has determined not to serve on the peace commission even though his refusal cost him the ambassadorship to France. He is coming to Madrid to inform the government of his intention.

### TWO ASSAULT CASES BEFORE THE COURT

JUSTICE PATTEN KEPT THIS MORNING

Oris. Case Found For Defendant

Business was brisk in the municipal court this morning and for the time being all kinds of trouble was floating through the air. Yesterday afternoon Oris Wheelock came down from Lake Koshkonong for the purpose of selling a load of fish. On South River street he met Alonzo Tibbitts, of this city and together they argued the American-Spanish war question. According to Wheelock, Tibbitts lost his temper and accused him of stealing a piece of rope from him. One word led to another and before Wheelock realized the situation he received a blow in the face that reminded him that he wasn't so much after all. After picking himself up he made for the municipal court room where he swore out a warrant for Tibbitts' arrest. This morning the prisoner appeared in court and was fined \$3 and costs, or a total of \$7.53, which he said he would pay.

Two Orfordville Drunks.

Frank Williams and Michael Noonan are two promising young men who are receiving their mail at the bustling village of Orfordville. Social affairs in Orfordville have not been of a lively nature of late, so Williams and Noonan decided Wednesday evening to get drunk and do the town up in right royal style. After visiting every saloon in the village they paraded down the main street, each trying to see which could yell the loudest. After making the night hideous they retired in the small hours of the morning to sleep off their jag.

Orfordville has several law abiding citizens, and the next morning they lost no time in getting out warrants for the arrest of Noonan and Williams. Under Sheriff Cochran's management, they were in court yesterday and parted company with a five-dollar fine.

The second act in that farce drama entitled Timothy McKugo vs. Henry Collins, was called in the municipal court yesterday afternoon, before a jury of six who found for the defendant. The question for the jury to decide was whether the plaintiff did or did not have another trial pending in the circuit court for the same cause. The jury after listening to the evidence and the arguments of counsel decided that the plaintiff had a similar case pending in the circuit court and as the law does not permit of a case being tried while another is pending the jury found for the defendant.

The jury consisted of F. F. Pierson, Harry McNamara, J. W. Eohlin, D. VanValen, William Kuhlow and Anthony Powers.

### FITZ IS WELL AGAIN

Pugilist Has Had a Severe Attack Of Appendicitis, But Wants To Fight Once More.

New York, Sept. 9.—[Special]—Fitzsimmons has just recovered from a severe attack of appendicitis. He is pale and weak, but otherwise well physically now. He did not undergo an operation. He will attend the McCoy-Corbett fight and challenge the winner.

### GOES TO NORTH DAKOTA

George Dower Has Accepted a Destructible Position in Fargo

George Dower, son of Mr. and Mrs. J. H. Dower, of this city, left last evening for Fargo, North Dakota, where he has accepted a fine position with a well known wholesale and retail piano firm.

Mr. Dower is a skilled musician and a high class performer on the piano and has a well earned reputation that he may well feel proud of. For several years he studied under Prof. Sherwood, of Chicago, who regarded him as one of his brightest pupils.

Numerous local friends regret Mr. Dower's departure from Janesville but will all join in wishing him the best of fortunes in his new field.

General Kemp Dies.

Washington, Sept. 9.—[Special]—Brigadier General John Kemp, retired, is dead, from heat prostration and heart trouble.

### LEAF GROWERS BUSY HARVESTING

CONSIDERABLE LEAF SOLD IN SMALL LOTS.

Quarters of the Present Year's Crop Already Harvested—Many Are Sampling Last Year's Crop—Cool Nights of Late Have Frightened the Farmers.

The harvest of the new crop is still the all absorbing question with the growers. Possibly three quarters of the crop will be safely hoaxed by the present week, though it is hardly probable the entire crop will be in under a week or ten days yet. Some recent cool nights that were near the frost point will serve to hasten up this work, however. The late fields, and the Wisconsin Tobacco Reporter, are proving the soundest and best tobacco of the season.

Sampling of the '07 crop is now being done by packers, and the percentage of damage found is smaller than for several years past and hardly a matter of any consequence. Packers are disposing of considerable quantities in a small way, the largest transaction coming to notice being the sale of 350 cases of B's by G. L. O'Connell.

The shipments out of storage reach about 100,000, 630 cases, for the week to date. Since last report but 450 cases of cigar leaf were exported to New York.

Good Market.

In spite of the local market the

Farm and home says:

As the weather approaches, the trade in leaf seems to be improving. Packers report an increased inquiry for leaf and surface indications point to a good business in the all and. Cigar manufacturers are enjoying a good business and are looking for a considerable old goods of any kind of fillers and binders have the market.

Racketeers are beginning to visit the market of the state, looking for goods to their trade demands.

My the end of this week three fourths of the '08 crop will be in the shade. Many of the earlier crops are already harvested and each day adds to the number.

The '08 crop is one of the largest grown in the state and will aggregate not far from 25,000 acres, the largest since '92 when 26,000 acres were grown. We predict that the '08 crop will average up well with any grown in the state for many years. The size is a little above the average and in quality is generally good. Some damage was done by hail but not to any great extent, while insects, rust and winds were not overly destructive. Everything now points to a good curing season in the sheds.

### WEDDED AT JOHNSTOWN

George Austin and Pearl Briggs Are United in Holy Bonds.

Wedding bells rang merrily at the home of Mr. and Mrs. Daniel Briggs in Johnstown, Wednesday evening, September 7. The happy pair were George Austin and Miss Pearl Briggs, both of Johnstown. The ceremony was performed by Rev. S. G. Huey in the presence of a large number of friends and relatives of the contracting parties. The wedding march was played by Miss Della Bowers, of Lima. Mr. Bertrand Austin acted as best man, and Miss Minnie Austin as bridesmaid. The house was tastefully and beautifully decorated. An elegant wedding dinner was served, after which they started on a brief wedding tour. The groom is a son of Mrs. Caroline Austin, of Johnstown, and is one of the well-to-do farmers of the community. The bride is the only daughter of Mr. and Mrs. Daniel Briggs, and is well and favorably known. The large number of useful and beautiful presents is a token of the esteem in which they are held. They will locate on a farm in Johnstown. They have the best wishes of a host of friends.

### V MURDEROUS MISSILE HERE

Engineer Dee Has a Cartridge Used by the Spaniards in Cuba.

Engineer William Dee, of this city, has a curiosity in the shape of a genuine Mauser cartridge that was plucked up on the battleground in the city of Santiago. It was secured by him from a Mineral Point friend who had it sent to him by one of the soldier boys who saw actual service in that memorable fight.

The cartridge is fully three inches in length, and shows nearly the entire length of the bullet itself, which is partly filled with explosive materials, which makes it expand after it enters one's body.

## TROUBLE IN THE EAST

Aguinaldo Is Causing Apprehension At Manila.

### HE IS ACTING THE ROLE OF DOG IN THE MANGER.

Washington, Sept. 9.—Special—Grave apprehensions of trouble in the Philippines are entertained here. Aguinaldo, the insurgent leader, is apparently irreconcilable. He wants to be dictator of the island of Luzon, and will be content with nothing less. His power over the natives is great, and he is both cruel and unscrupulous, possessing all the worst traits and few of the good ones of the two races whose blood courses in his veins. The American force at Manila is strong enough to hold Aguinaldo in check, but no one can tell how soon it may be overpowered. The government contemplates sending about 50,000 more men to reinforce Gen. Otis. It is believed that at least that number will be required to properly garrison the city.

Hong Kong, Sept. 9.—Special—Three Filipino delegates have left for the United States to discuss the claims of the Filipinos with President McKinley.

### Sickness in Porto Rico.

Ponce, Sept. 9.—Special—Illness among the United States troops is increasing. More than twenty-five per cent. of the men are unfit for duty. In some commands thirty per cent. are down with malaria. There are one thousand in the hospitals, suffering principally with typhoid. Considering the conditions the percentage of deaths is small.

### War Department Inquiry.

Washington, Sept. 9.—Special—The personnel of the court of inquiry to investigate the war department is already being discussed. Among the names mentioned are those of Gen. John H. Gordon and Gen. Scofield. It is said that Alger wrote the appeal for the investigation of his department at the request of the president.

### An Impressive Funeral.

Montauk, Sept. 9.—Special—The body of Gen. Wheeler's son was taken to Long Island City this morning. The funeral services in Wheeler's headquarters were impressive. The general hid his face in the flags which draped his son's coffin and wept.

### Deaths at Montauk.

Montauk, Sept. 9.—Special—Four deaths were reported this morning.

### HAVERLY'S GREAT MINSTRELS LAST SHOT OF THE CONFLICT

They Give a Guarantee of a Fine Evening's Engagement

The opera house will be none too large to contain the audience that will gather to see Haverly's minstrels next Monday evening. The company is without question the best on the road. A leading Chicago paper, in speaking of the performance in that city says:

It is no more than justice to say that there was a verve and snap to the first part which was strictly up to date. The singing by Foreman, Whyte, Walling and Early was excellently done, ranging from tenor to basso profundo and from tender love songs to stirring descriptive ballads. Each of the singers was given an enthusiastic recall and everybody seemed to be thoroughly delighted.

So far as the funmaking was concerned Billy Rice and Frank Cushman took care of that assisted in the way of comic singing by Buck Shaffer and John Blackford. It goes without saying that Billy Rice was regaled with hearty warmth and scored a hit and as for Frank Cushman, the audience appeared to think he filled a long felt want and made him do all his work over again amid rounds of applause. There can be no doubt that the good old-fashioned, yet up to date first part is all right and quite what the people like.

As for the olio, it can be said that the Nichols sisters captured the audience by one of the very brightest of specialties. There is character in the work of these clever girls, who with nimble tongues and feet portray the peculiarities of southern negro girls.

It Was Fired From Morro Castle and Struck the Cruiser San Francisco.

Rev. Mr. Dunbar, of this city, is in receipt of an interesting letter from his son, A. W. Dunbar, who is assistant surgeon aboard the San Francisco. He tells of the part his boat took in the late war, and of the narrow escape he had off the coast of Cuba. In brief he writes of the last shot of the war that came from the guns of Morro Castle that guards the entrance of the city of Havana. His boat while cruising off the port of Havana, came within too close range, and the guns of Morro opened fire on her. One bursting shell passed over the head of Mr. Dunbar and was only a distance of three feet from him. It caused slight damage to the boat. The San Francisco then steamed out of range of the guns.

### WILL KICK THE PIG SKIN

University Foot Ball Eleven Will be in Good Form For the Season.

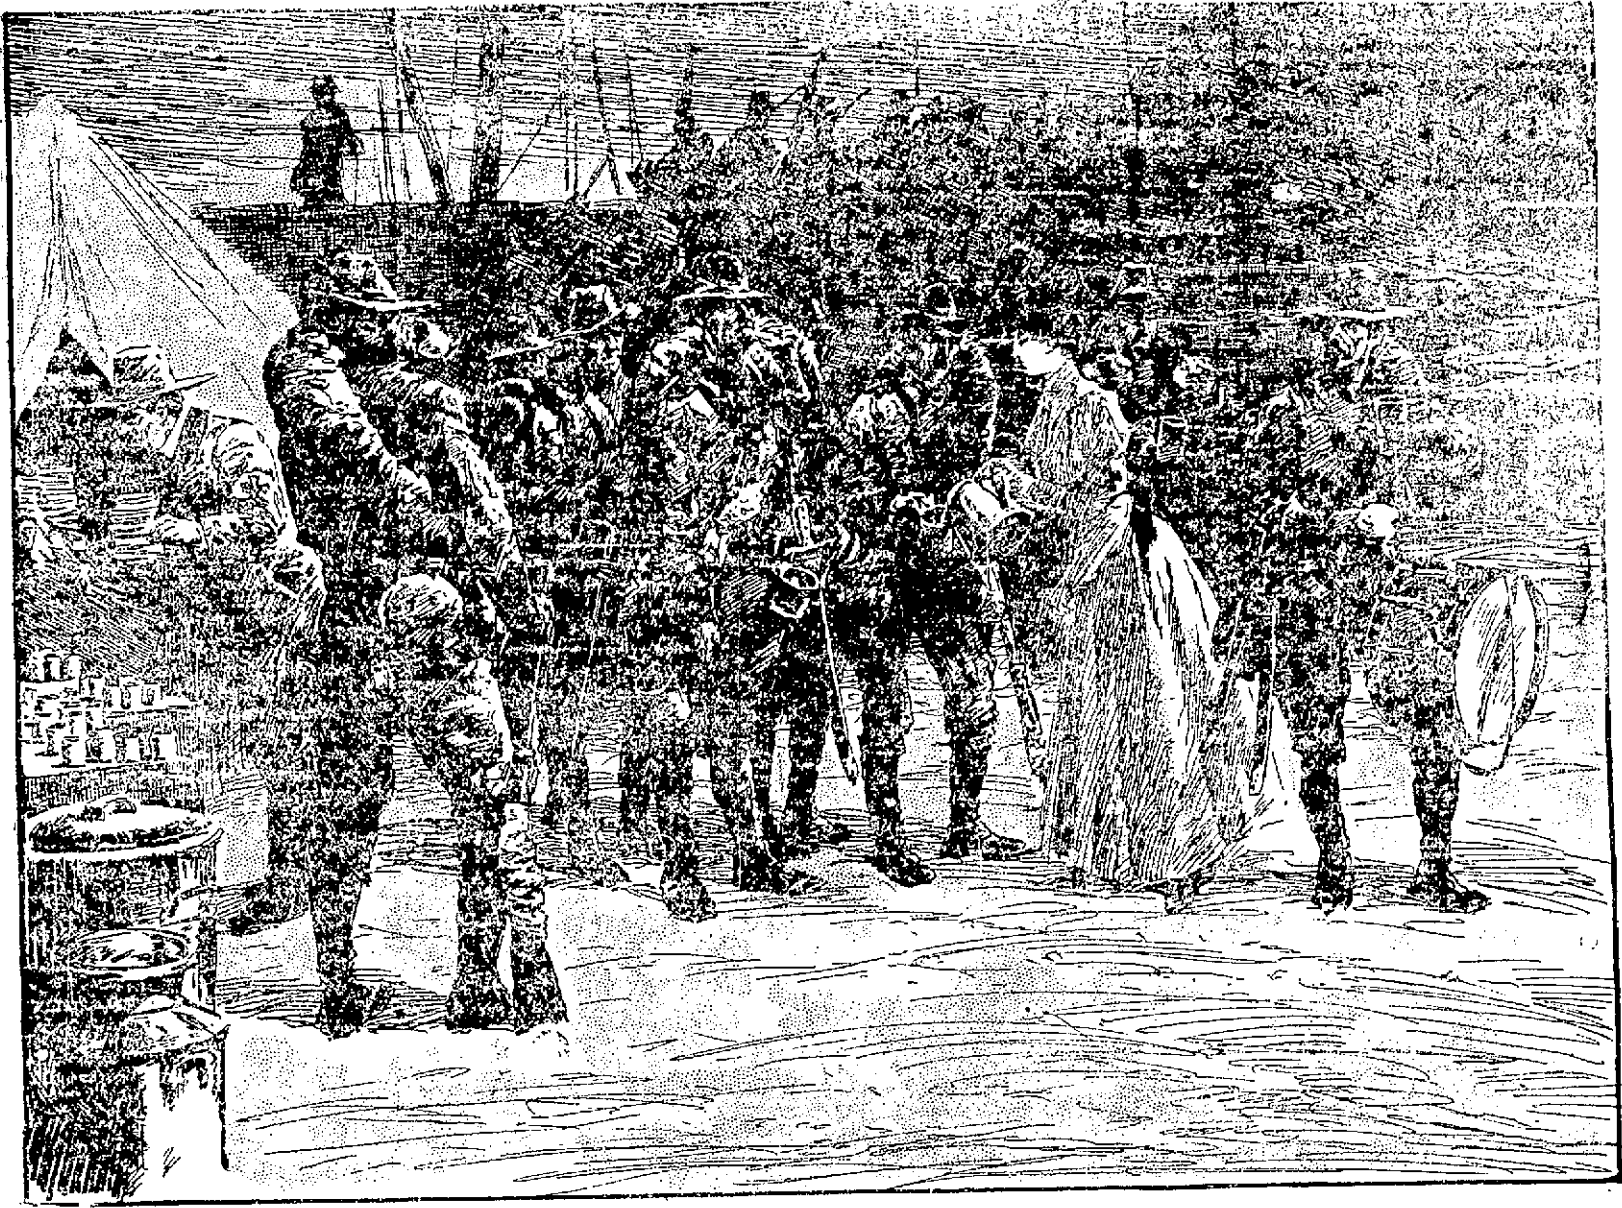

John L. Fisher, of this city, as manager of the foot ball team of the state university, has been in Madison this week making necessary arrangements prior to the opening of the season.

Fisher says that as far as good material is concerned the university team never had such a strong field to choose from, and that players are ready upon all sides to enter.

The games that have been arranged are with some of the best eleven in the west, and if such a thing is possible eastern territory will be invaded by the Badger state eleven.

TROOPS LANDING AT MONTAUK POINT. FEEDING THE SOLDIERS. FROM HARPER'S WEEKLY.

AFTER A DRAWING BY W. A. ROSS. Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

The soldiers who come up on the ordinary transports usually arrive famished. Upon reaching the dock, they have to tramp a mile or more in heavy marching order to the detention camp. At the dock it is their good fortune to meet a kind friend, Mrs. Valentine Mott stands, day after day, early and late, with milk, beef extract, and sandwiches, to brace the poor weak fellows for their weary

march over the hills. Our picture, taken from Harper's Weekly, gives us an excellent idea of this woman's charitable service.

It is, of course, impossible for the regimental surgeons to talk, except in confidence, about the lack of medicines and food before and after the fight at Santiago, on the voyage home, and here in camp, but it is also just as impossible for them to keep still about it in talking privately. The one cheerful feature of the camp is the black soldier; he, as a general thing, came

through but little the worse of the of a race used to privations, stood the starvation rations better than his white brother.

He is looked upon by the white soldier with positive affection and pride. The gallant conduct of the black man, his hunting out and exterminating the sharpshooters and guerrillas who were picking off the officers and wounded from the trees, is a story that every white soldier will tell you with kindling eyes. To see the colored troopers bridging a hundred horses

pestilent climate of Cuba, and coming down to the water, singing and laughing as they swing along at a canter, is a sight pleasant to remember. Not one good word is to be heard in the whole camp for the Cuban. "Cubans! Well, if I have to go back to Cuba, I hope it'll be to look those horse thieves. The Spaniards are all right; I haven't a word to say against them. In fact, we all liked the Spanish boys when we got to know them." This was what you might hear all over the camp.

## LOCAL MEN MAY GO TO HAVANA YET

### NEW VOLUNTEER ARMY MAY BE RAISED.

Washington Dispatch Says That Most of General Lee's Command Prefer to See Service and Would Again Enlist—They Would Have the Preference.

Janesville soldiers may have a chance to go to Havana with General Lee after all. Many of the Rock county boys who have been at Jacksonville prefer to remain in the service, and have to state in letters received by Janesville people. Hence they will be interested in the following dispatch from Washington:

"There is considerable talk in the war department of discharging from the service the entire volunteer army enlisted during the war, except those troops in Manila. Now that all the actual fighting is at an end the volunteers are clamoring to be mustered out, and show no inclination to serve either in Cuba or Porto Rico as armies of occupation.

"The president, Secretary Alger, and Adjutant General Corbin are seriously considering the proposition of enlisting an entirely new army for such duty. The plan is suggested to discharge all the volunteers in this country, Cuba and Porto Rico, and give them another chance to enlist, with the understanding that they will be either sent as part of the armies of occupation or used for garrison duty in this country.

Lee's Men Want To Go  
"It is believed that the majority of the troops under the command of Major General Lee would reenlist, as they are especially anxious to be sent to Cuba. These troops have been so well cared for by their commanding officer that the war has in a manner been one long and delightful holiday.

"No change will be made in the volunteer army in the Philippines. Those troops are now seeing actual service and have expressed no desire to be discharged from the army.

"Many changes are contemplated in regard to the disposition of the troops which will be kept in the United States. Secretary Alger, accompanied by Surgeon General Sternberg and Quartermaster General Luddington,

will begin next week an extended tour of inspection through the camps located in the south. General Alger will be joined in Cincinnati the latter part of the week by these two officers. They will then visit in order the camps located at Lexington, Ky., Chickamauga Park, Huntsville, and Jacksonville. Smaller Camps Hereafter

"General Sternberg will also go to Fortness Monroe, Charleston and Savannah for the purpose of arranging for the establishment of permanent military hospitals. It has been definitely decided to do away with all the military hospitals in the east, and north and a soon as possible remove the patients to the south.

"In regard to the future policy of the war department as to camps, it may be stated upon good authority that large bodies of troops will not be encamped at one place. The men will be established in camps of one or two brigades. It has been found that when such large numbers of men as 20,000 or 30,000 are put in the same place the health conditions become exceedingly poor. General Alger on his trip will outline this policy to the various commanding officers and obtain their views as to the best places at which to encamp the brigades."

Soldiers Are Willing.  
The Milwaukee Sentinel, in speaking of the arrival of the baggage train of the regiment at Milwaukee early this morning says: "While each of the soldiers confessed that he would be more than glad to see home there was no grumbling about the hardships they had encountered, and every man was willing to go to the front should his services be needed. They were pleased to know that they would have an opportunity today of renewing acquaintances with the men of the Second regiment."

Private Williams, of Company A, was a member of the detail that accompanied the baggage.

## WILL HAVE A STRONG TEAM

High School Football Eleven Will Be Early in the Field

The Janesville High School football eleven promise to be in the field this fall stronger than ever. The material that will be available this year is as good as any high school in this part of the state will be able to offer.

Henry Carpenter will captain the boys and Percy Kearney will act as manager. Fred Sutherland, Ira Millmore and Len Mathews, of last year's team will in all probability not be in the eleven this year on account of their graduating.

A number of games with outside teams are now being talked of and Manager Kearney promises some lively sport for the near future.

Home endorsement its salient point. Mr. Thos. Pratt of 281 South Main St. says: "I doctored off and on for forty years, attempting to rid myself of backache, which came on by spells, very painful when at their height and even when somewhat allayed, the dull aching grinding was sure to manifest itself, if I overtaxed myself, caught cold or did any work which brought a strain on the muscles of the back. Often I have been so lame and sore that there were days I was confined to my room almost helpless, certainly unable to get up or down. Like a great many other people in Janesville I procured Doan's Kidney Pills at the Janesville Co's. drug store, led to do so by the peculiar advertisement which riveted my attention. ## THIS DAY IN HISTORY

1687—William the Conqueror died at Herburn, a village near Rouen; born at Falaise, Normandy, 1027.  
1856—Battle of Poltava; Edward the Black Prince, with 8,000 men, defeated 50,000 French.  
1610—Battle of Flodden; James IV of Scotland, 30 of his nobles and 10,000 of his men were slain.  
1822—Prince Napoleon Joseph Charles Paul Jerome Bonaparte, son of Jerome and nephew of Napoleon I, born; died 1891.  
1850—President Fillmore signed the act admitting California as a state. California narrowly missed becoming English colony. The American flag was hoisted at Monterey in the face of British vessels whose mission in the harbor was to set up some form of protectorate. In this the British were anticipated by Lieutenant John C. Fremont, who conquered northern California while the Mexican war was in progress.  
1870—Rev. Dr. Nathan Lord, president of Dartmouth college, died at Hanover, N. H.; born 1817.  
1890—Ex United States Senator Henry B. Payne of Ohio died at Cleveland; born 1810.

## WHO IS TO BLAME?

The New York Sun publishes two letters that have a bearing on the agitation of the subject of healthfulness and management of the army camp. One is from the captain of a company who says:

"There has been a great deal of faking of reports of sickness by the men themselves. I received letters, hundreds of them, from relatives of men at camp who had received letters from privates telling of the awful sickness they were suffering from and their great need of fruit and delicacies. In nine cases out of ten I found that the men who were writing letters home were not sick at all, and were merely painting those awful pictures to get money from home. This was true not only of my company, but of others. I am prepared to say that nearly the whole of the illness was due to eating, drinking and dampness. They would drift far from the tent and sun, and the rest to a fruit vendor's and fill with bad fruit or watermelon, then drink to excess and go and lie down under the shade of the trees where the ground was damp. Less than 12 per cent. counting shamblers and all of my company were sick, and I do not think that my company was especially healthy. The death rate, I am frank to say, has surprised me by its lowness."

The other was written by a citizen and addressed to the secretary of war: "West Point, Neb., Sept. 2, 1898—"My Dear General: William Warner, of this place, is a private in the Second Nebraska Infantry at Chickamauga. His family here, some time since, received a letter from him saying that he was sick and starving and begging for some money. They sent him money in ordinary letter. A few days after sent him more money, but this time in registered letter. They are now in receipt of a letter from him acknowledging receipt of money in registered letter, asking why they sent it, &c. Says he is in good health and has not been sick, and did not receive first installment of money."

"I send you this thinking it probable that many letters published in 'Yellow Cure' newspapers from soldiers in camp and hospital may, in fact, be written by sharpers and swindlers for purpose of gain. With best wishes, yours very respectfully,  
"GEN. R. A. ALGER, Washington, D. C."

The yellow press does not print such facts as these. They make no allowances, but charge all the wrong-doing to the secretary of war. The truth will prevail, however, and then the yellow papers will be forced to "own up and ask forgiveness."

Grover Cleveland said "a public office is a public trust," and the remark will live for years to come. Some of the democrats do not seem to take kindly to the sentiment, however, but insist that a public office is to be looked upon purely as a political plum, to be passed around regardless of the service rendered. The taxpayers fail to see things in this light. They pay the bills and they want results.

General Michael Griffin, congressman from the seventh district, says the clamor for the return of troops should cease. He says the report of suffering and neglect are exaggerated, and that the government needs soldiers. There is truth in General Griffin's statements. Patriotism should not be at a discount in the good old Badger state.

General Miles insists that the charges he made against General Alger are true. And it will also be remembered that General Miles said the same thing with reference to the charge made against General Crook. Gen. Miles seems to be an adept at personal charges rather than at charges on the works of the enemy.

Even General Miles has a word of condemnation for the yellow press.

He says "There has been too much criticism, complaint and condemnation published already and that the public has lost sight of the success and glories of the war."

Secretary Alger has undoubtedly made mistakes, but more weight would attach to the charges against him if they were originated by some other person than General Nelson A. Miles.

The yellow papers ask you to believe one thing and the government asks you to believe another. To which do you owe allegiance? To the yellow papers or the stars and stripes?

The charges the yellow papers made before war was declared were gaudy and fell flat. Can anything better be expected of these papers now?

## SOCIAL FUNCTIONS OF SEASON

Several Delightful Assemblies Held Yesterday and Last Evening.

Miss Ella Wills entertained a party of friends yesterday at a picnic on the Charles Dixon farm. The affair was one of a series given by Miss Wills, and for years past these picnics have been looked forward to with anticipation of delight. The party left the city in carriages, and had a delightful ride. At the farm a program consisting of recitations was given as follows:

"His Offering".....Harry Boyd  
"Hurray for Dewey".....Frank Carney  
"The Daffodil".....Bess Graves  
"Good Ol' Uncle".....Maudie Holt  
"For My Country".....Llewellyn Cannon  
"Our First Flag".....Genevieve Carney  
"My Country's Flag".....Roy Cannon  
"In the Catscombs".....Josephine Fenton  
"Spring".....Maudie Holt

A flag exercise by a dozen little children formed a very pretty pageant during the afternoon. A picnic supper was served, and all present expressed themselves highly pleased with the afternoon's entertainment.

A delightful children's party was given yesterday afternoon in honor of the seventh birthday of Master Allan Welch, at the home of his parents on the Magnolia road. The party was a complete surprise, the preparations having been made without the knowledge of the recipient. A fine supper was served, to which all present did full justice. Those present were: Maude Dennett, Willie Fassell, Earl Davis, Ida Belle Turnbull, Herbert Hannaman, Mabel Welch, Frank Chase, Edna Murdoch, Roy Church, Dorothy Welch, Hazel Welch, Marie Murdoch, Frank Turnbull, Estie Hardy, Eva Burns, Roy Wells, Marie Donahue, T. Lee Smith, Ella Schumann, Nellie Burns, Bertha Chase, Rose Brit, Emma Little, Henry Rook, Lee Rook.

Despite the cool atmosphere of last evening the lawn social given by the ladies of St. Mary's church proved a pleasant and successful affair. The grounds in the rear of the church were beautifully decorated, and lighted with Japanese lanterns and locomotive headlights. Refreshments were served, and all present pronounced the function one of the most agreeable of the season.

## A False Alarm

We were very sorry to disappoint our many customers on fish for their Friday dinner, but it seemed unavoidable. We received word from our shippers that our fish orders would reach us Thursday noon. The invoice did not arrive, however, and we then telegraphed all the cities for stock and was told there was no fish to be had. The storms on the lakes delayed the fishing boats and our large shipment of trout and whitefish did not reach us until today noon. It is only rarely that we miss our fish supply and it is our hope that the elements will not be against us again soon. Sanborn.

## HELLO, EDGERTON! HELLO!

New Telephone Exchange Opened at the Tobacco City.

Manager Slater, of the local telephone exchange, was in Edgerton today, where he opened the new telephone exchange, which is the first ever installed in that city.

The Wisconsin Telephone Company have created the exchange at a cost of several hundred dollars, and it will all along felt want and prove a great convenience to many in this city who have considerable business in Edgerton each year. Thirty-eight subscribers have been secured to start with, and the number will no doubt increase at a lively rate.

Miss Evelyn Jessup, of Edgerton, will have charge of the office. Edgerton has heretofore had only a toll line.

## WILL RECEIVE THEM ROYALLY

JANESVILLE SOLDIERS WILL BE WELCOMED.

Mayor Thoroughgood Will Go to Milwaukee to Ascertain Their Needs—Ladies Will See That They Are Well Cared For—They May Be Given a Dinner.

The indications are, although it is not definitely known, that Co. A, First Wisconsin regiment, will not arrive in Janesville before late this evening. A telegram to that effect was received at the St. Paul depot this afternoon.

Our citizens will doubtless turn out in large numbers tomorrow to bid the soldiers a welcome back to their homes. All having relatives here will be driven home in carriages; those less fortunate will be taken to the hotels, where every comfort will be furnished them.

In obedience to the call of Mayor Thoroughgood a meeting of citizens was held at the council chamber last evening for the purpose of making arrangements for receiving the returning members of Co. A.

Postmaster Nowlan said that he and City Attorney Fred C. Burpee had felt the public pulse to a limited extent yesterday and all to whom they had spoken were heartily in favor of giving the boys a rousing reception when they came home. He could not tell what the nature of the reception should be, but some arrangements should be made and funds raised. Some of the boys had no homes to go to and they should be cared for. Eight were from Valentine's School of Telegraphy. Some of them had families and if in need their wants should be looked after. The soldiers' aid society had already rendered some assistance. He moved that a committee be appointed by the mayor to make arrangements for the reception and solicit funds. The motion was adopted unanimously.

Mayor Thoroughgood appointed as such committee O. F. Nowlan, C. O. Bennett, Norman L. Carle, Walter Rice, Rev. Arthur H. Barrington, Dr. J. B. Whiting and W. E. Evenson. Mr. Evenson was appointed from the old Janesville Guards.

Rev. A. H. Barrington was in favor of postponing any banquet the boys might receive until they had an opportunity to recover from the fatigue of their service and the arduous journey home. He wanted to see the sick and the well alike enjoy the bounty of our citizens.

L. B. Carle favored a royal welcome to the soldiers. He would contribute his share for the purpose, and favored the creation of a fund for their benefit, so that none need suffer until they had secured good positions and the means of caring for themselves.

W. G. Wheeler thought a committee should go to Milwaukee to ascertain the condition of the boys and their needs, and suggested that the mayor should undertake the duty. That gentleman promised to do so, and report in full as soon as possible.

Members of W. H. Sargent Post No. 20, G. A. R. met last evening to make arrangements for participating in the reception to the soldiers of Company A. It was decided that the members turn out in a body with life and drum corps and meet the boys, and they invite all old soldiers and sailors to join with them. It was thought advisable that some signal be given, as the blowing of the mocking bird whistle at water works pumping station when the train bearing the troops left Milwaukee, in order to give all a chance to get ready to go to the depot.

The Soldiers' Aid society, at its meeting yesterday, concluded to meet the soldiers at the depot with carriages and convey them to their homes and to such places as were provided for those without homes here. They were in favor of having the band present, but the details were left to the citizens' committee. A committee will take immediate action towards raising the necessary funds and making the other arrangements, as according to present indications the boys may reach home today.

### The Band Will Play.

When the boys step from the cars tomorrow their ears will be regaled with the sound of familiar music, for the Imperial band will be there in full force. At a meeting of the band it was voted unanimously to donate their services for the occasion, and as every one of the boys is patriotic through and through it may be expected that they will play with enthusiasm on this occasion. The selections, of course, will all be of a patriotic character.

### Sign at Depot.

When the train bearing the members of Co. A to Janesville starts from Milwaukee the fact will be telegraphed to this city. The news will be communicated to the public by twelve taps upon the fire bells, twice repeated, making thirty-six strokes upon the bell altogether. The mocking bird whistle will blow, and this will be the signal for all interested to assemble at the depot. It is desired that G. A. R. men and old soldiers generally shall turn out to greet the returning boys.

### Gov. Scofield at Milwaukee.

Gov. Scofield reached the Hotel Pfister about 10:30 o'clock last night and found a big delegation awaiting him. He arrived at the Northwestern station from Chicago at 10:20. The governor was tired and after a short conversation with Mayor Rose and Oscar B. Zwietsch, quartermaster-general, in which he said that the plans for the entertainment of the volunteers met his entire approval, he retired.

Gov. Scofield said he had been "on

the go" ever since he left Wisconsin for Washington and he felt reasonably well satisfied with the results. He said that the war department was besieged with requests from the governors of the various states to have the troops taken from the camps.

"Do not think," said Governor Scofield, "that the orders in regard to sending the Fourth regiment south will be revoked. If they keep the boys at Camp Douglas a month or so longer it will be all right to send them to Alabama. The weather will then be cool, and I have been informed that they will be sent to a healthful camp. I feel good to think that we got two regiments back, considering the fact that we are the only state to get a regiment out of Jacksonville."

Asked if the reports in regard to sickness among the troops were exaggerated, Governor Scofield said he preferred to let the boys answer for themselves. "But I will say that I am glad they are coming home," the governor added. The governor said he thought all the members of both the First and Second regiments would be in Milwaukee today. The members of the Second regiment would reach Milwaukee this morning and the members of the First regiment would begin to come in, he thought, about 1 or 2 o'clock this afternoon. He said the boys would be allowed to stay in Milwaukee three or four hours. He thought a short rest here would do them good, especially the boys of the Second regiment, who have been on the go continuously ever since they left Porto Rico.

### Carries a Hoodoo.

The First seems to be carrying some sort of a hoodoo, as it has had nothing but bad luck from the time it left Jacksonville up to the present time. The first section arrived at Chicago this evening, but that contained only the baggage and a detail of sixteen men in charge.

The other three sections of the train bearing the regiment lag a whole day behind, somewhere in the vicinity of Nashville, and do the best they can, the roads cannot deliver the regiment here before sundown tomorrow.

## ELECT THEIR OFFICERS

Grand Army Men Complete the List of Those Who Will Rule This Year.

Cincinnati, Sept. 9.—[Special]—The following officers were elected by the G. A. R. this morning: F. O. Johnson, Cincinnati, vice commander; Daniel Ross, Delaware, junior vice commander; Dr. B. A. Pierce, Nebraska, surgeon general; Rev. D. E. Lucas, Indiana, chaplain in chief.

The convention voted down the resolution to admit to membership the men who served in the Spanish-American war. Resolutions commending McKinley and Alger were adopted.

## SECOND REGIMENT AT MILWAUKEE

VETERANS FROM PORTO RICO ON THE WAY HOME.

They Are Treated to a Square Meal By a Bevy of Pretty Girls—Exchange Relics For Kisses And Are Pleased With The Bargain.

Milwaukee, Sept. 9.—[Special]—The first and second sections of the Second Wisconsin regiment train pulled into the Northwestern depot at 6 o'clock this morning. These sections contained Company B, of Oakshosh, and companies from Marshfield, Sheboygan, Ripon and Beaver Dam. The third section, which arrived at 10:30 this forenoon, contains companies from Marquette, Oconto and Ashland. Company F, of Oakshosh, and the companies from Manitowish and Appleton, are still in Porto Rico.

The troops that came in early this morning were held here until the third section was taken care of by the reception committee or as the boys are calling it, by the "square meal" committee and will all be sent to their homes. The Marinette, Oconto and Sheboygan companies and Company B, of Oakshosh, will go out over the Northwestern, the Beaver Dam and Ripon over the St. Paul and the Ashland and Marshfield over the Wisconsin Central.

The first detachment of the Second regiment arrived at the dining room on Fourth street and Grand avenue about 6:30 o'clock. The committee on refreshments were waiting for them—about 150 girls with their prettiest bibs and tuckers and their most charming smiles and dear, cordial ways. There is many a soldier who lost his heart this morning.

The old habit of trading cartridges for kisses was much in vogue in the corner. The boys were easily induced to part with a number of relics which they had collected during the campaign, and the girls were winners by the same. One fellow offered to unbuckle his belt and deliver the whole outfit over to his fair conqueror for one more just like the last.

After the boys had partaken of food they livened up a bit and started to cheer. Three hearty, rousing hurrahs were given for Gov. Scofield, ex-Gov. Peck and Mayor Rose.

## BASE BALL TEAMS WILL BATTLE HERE

EDGERTON AND WAUPUN HAVE AGREED.

At Athletic Park They Will Contest For Honors and a Two Hundred Dollar Purse—Edgerton and Waupun Get the Other Games—Large Crowd Expected.

What promises to be the best base ball game played in Janesville in many days is scheduled to take place at Athletic Park on the afternoon of Friday, Sept. 10 between the celebrated Edgerton and Waupun teams. Three games between the Waupun and Edgerton teams have been arranged for and six hundred dollars in good hard coin has been posted on the result of the games. The first game will be played in Edgerton next Wednesday; the second in Janesville and the third will take place at Waupun on Sunday, Sept. 13. There is a hundred dollars a side up on each game, and the winning team gets 60 per cent of the gate receipts; the losers 40 per cent.

Ike Korf has been selected to umpire the three games.

The clubs are considered the two strongest in the state outside of the league and in all probability will put up as good a game as any two league teams.

### A Strong Team.

George Wilbur, of this city, who is manager of the Edgerton team, has got together of late an aggregation of which one might call a first class lot of men. Every one of them has been service in the ranks of good clubs.

When the game is called here a large delegation is expected from Waupun, Edgerton and the surrounding towns, and the sport promises to be of a lively nature.

## GONE TO MEET THEIR SONS

Monroe and Darlington Men Go To Milwaukee This Morning.

Archie Blescott, a Monroe business man, and John Meehan, a prominent Darlington resident, were in the city today on their way to Milwaukee where they went for the purpose of meeting their sons who are members of the First Wisconsin regiment.

"Monroe is prepared to give the boys a regal reception," said Mr. Blescott, but they intend to go it easy from the start. When the boys arrive in Monroe they will be met at the train by carriages, taken to their homes and given good care once more. A banquet and reception will follow several days later when the boys are rested.

Mr. Meehan says that similar plans are on at Darlington.

You can save 10 to 20 per cent by buying your school shoes of us, tomorrow, Saturday. Amos Rehberg & Co.

## A RUNAWAY BOY ARRESTED

Only Fourteen Years of Age—Resides at Des Moines, Iowa.

Hugh Kelly, the fourteen-year-old son of Mr. and Mrs. Aaa Kelly, of Des Moines, Iowa, ran away from home two weeks ago and his whereabouts have since been a mystery. This noon the runaway youth was arrested by Sheriff Acheson, who detected him on Court street, near Park street, in company with two tramps.

At first the boy told a complicated story as to who he was and where he was from, but after a little questioning he broke down and told the truth. Two weeks ago he ran away from home just to see the country and now he has got enough.

The two tramps he met at Belvidere, and they accompanied him here.

His parents have been notified.

## SECOND ARE WELCOMED HOME

The Boys Arrive at Milwaukee and Are Enthusiastically Received.

F. M. Marzluff returned from a business trip to Milwaukee this morning. While there he had the pleasure of seeing the Second Wisconsin regiment. All the boys, he says, are looking the very picture of health, and seemed happy. Their uniforms were not in the best of condition, but this did not worry them.

The citizens of Milwaukee were on hand to welcome the boys, and a good square meal was the first thing on the program.

## TWO LOCAL UNFORTUNATES

William Egan Sent to the Poor Farm For Ninety Days.

William Egan, a local unfortunate, was arrested today and sent to the county farm for ninety days on the charge of vagrancy.

With his face deeply buried in a pile of rotten tomatoes, Darb Griffin of the Whitehall club, was arrested today by Officer Appleby, who found him in a beastly state of intoxication on Pleasant street. At the jail he was given a bar of soap and a pail of hot water, and told to clean up and be a man.

The only other candidate was Frank Weston, also of Madison. Mr. Sheldon is a member of the law firm of Hall & Sheldon, and has been practicing three years, having graduated from the University Law school in 1895. He is a nephew of A. H. Sheldon, of this city.

## SPECIAL NO. 4.

## About

Those new double breasted men all admire for fall wear. They have the tailor made look, wear well and will hold their shape. Made expressly for us according to our ideas of how they should be made (so they might have our guarantee as "all right.") All stayed with fine linen holland, fine French canvas, best of Italian satin lining, sewed with Belding's "Gold Label" silk thread, and beautifully finished with a fine button to match material. The garments were all finished with the same care as to detail with which our merchant tailoring garments have and that is where they lead all the ready-to-wear sort. The lapels, the set of the collar, the new rounded shoulder, the full yet shape defining back, the full yet shapely sleeve. All these points which give the "expression" to the high priced tailoring have been thought of by us in the manufacture of this ready-to-wear tailoring. And then, to cap it all, they cost you less than the old sort. We shall be pleased to have you examine for comparison.

## Reed & Son Piano.

The manufacturers have been making Pianos many years and their reputation has been more thoroughly established with each sale. The owner of a Reed Piano always speaks of it in the highest terms. If you are thinking of investing money in a Piano don't make the mistake of many people—a showy case and a flimsy inside does not constitute a good Piano. You have the satisfaction of knowing you could get nothing better when you buy a Reed & Son instrument.

## DEATH CLAIMS A SHINING MARK

MRS. J. B. DOE EXPIRES AT ELGIN AFTER SHORT ILLNESS.

She Was An Old Resident of Janesville and the Mother of Cleveland's Assistant Secretary of War—Other Deaths of Recent Occurrence Hereabouts.

Mrs. J. B. Doe, mother of Gen. J. B. Doe, former assistant secretary of war, died at Elgin last evening after a protracted illness. Her remains will be brought to this city and the funeral will take place from Trinity Episcopal church on Sunday.

Mrs. Doe was well advanced in years, and was highly esteemed by a large circle of friends in this city and vicinity. She possessed a lovable disposition, and was ever ready with a word of cheer and a helping hand for the afflicted. She has been a widow for many years. For some time she made her home with her son, but when he moved to Milwaukee she remained behind, preferring to reside among her life long friends.

### Peter Dulin.

Peter Dulin, aged three months, died this morning at 10:30 o'clock at the home of his parents, Mr. and Mrs. William Dulin, at the corner of Palm and Galena streets. The cause of death was cholera infantum. He was sick a little over two weeks. The funeral will be held tomorrow at 2 o'clock p. m. from St. Patrick's church and the interment will be in Mount Olivet cemetery.

## GOT A GOOD BAG OF BIRDS

Two Janesville Sportsmen Return From a Trip to Iowa.

Fred J. Bailey and Harry Keating returned home last evening after an extended trip in the western portion of Iowa, where they have been during the past four days hunting prairie chickens. The first three days they were out the weather was so hot that they found it difficult to even see a chicken, let alone shooting one. Towards the windup they had better luck, and succeeded in capturing a large number of fat chickens. Messrs. Bailey and Keating feel well repaid for their long trip.

Quite a number of boys and girls are blowing into half yard square, soft linen finish, corded edge white handkerchiefs bought from J. M. Bostwick & Sons, at 2c each. "Give me one dozen of them; just the thing for the children to carry to school," is what most women say.

## HONOR GOES TO ILLINOIS.

Col. Sexton Elected Commander  
of the G. A. R.

LITTLE OPPOSITION MADE.

Only One Other Name Presented to the  
Gathering—Reports of Officers Show  
a Very Satisfactory State of Affairs—  
President Woman's Relief Corps.

Cincinnati, O., Sept. 9.—Chicago's  
candidate for commander in chief of  
the Grand Army of the Republic, Col.  
James A. Sexton, was an easy winner  
in the election Thursday. He received  
424 votes, against 241 for A. D. Shaw  
of New York. No other names were  
presented.

It was another day of crowds and  
crush in the city centers. The leading  
events were the opening of the annual  
encampment of the Grand Army of the  
Republic, the Woman's Relief Corps  
and the Daughters of Veterans, the  
continuation of the session of the la-  
dies of the Grand Army, the civic pa-  
rade and the general illumination of  
the city and the fireworks demonstra-  
tion at night.

The civic parade in the afternoon at-  
tracted much attention and was wit-  
nessed by more people than saw the  
parade of the Grand Army the day be-  
fore. It was participated in by the  
various municipal departments, about  
500 manufacturing firms and mercan-  
tile houses, by a large number of social,  
political and business clubs, the uni-  
formed divisions of the Knights of  
Pythias and Catholic Knights and the  
civic organizations of the high schools.

The chaplain-in-chief, Frank C.  
Bruner, in his report stated that there  
has been in not a few of the depart-  
ments a handsome development in  
mustered new members, prompt pay-  
ment of dues and looking after the  
needy comrades. The report of the  
adjutant-general, Thomas J. Stewart,  
contained the following figures as to  
the membership:

"The members in good standing June  
30, 1897, numbered 319,156; the gain  
during the year was by muster in 10,  
940; transfer, 4,275; reinstatement, 12,  
687; from delinquent reports, 4,551; to-  
tal, 32,453. The losses were, by death,  
7,383; honorable discharge, 1,190; trans-  
fer, 4,471; suspension, 25,033; dishon-  
orable discharge, 165; by delinquent re-  
ports, 7,041; by surrender of charter,  
1,023; total, 46,306. So the members  
in good standing June 30, 1898, num-  
bered 305,603. The number of mem-  
bers remaining suspended at that date  
was 36,668. Reports received from de-  
partments showed that 5,610 members  
previously reported as suspended had  
been dropped from the rolls."

The report for the quartermaster-  
general, A. J. Burbank, showed that  
the receipts during the year were \$17,  
195 and the expenditures \$14,694, the  
balance on hand being \$9,902. Alonzo  
Williams, inspector-general, reported  
that the organization is still strong  
and in good condition, although rapidly  
decreasing in numbers. It was still  
doing very efficient work throughout  
the land.

At the afternoon session the encamp-  
ment decided on Philadelphia as the  
next place of meeting.

The Woman's Relief Corps met in  
sixteenth annual convention. Presi-  
dent Mrs. Sarah J. Martin presided.  
The order has 3,254 corps and a mem-  
bership of 144,245, a gain of seventy-  
two corps and 4,600 members during  
the year.

Mrs. Flo Jamison Miller of Montic-  
ello, Ill., was elected national presi-  
dent and Mrs. Mary C. Wenzel of Cin-  
cinnati senior vice-president.

The ladies of the Grand Army of the  
Republic were in secret session several  
hours Thursday. Favorable action was  
taken on the admission of granddaugh-  
ters of veterans. The election of of-  
ficers will be reached to-day. It is evi-  
dent that the Buffalo agreement will  
be carried out and that Mrs. Agnes  
Winslow of Chicago will be chosen na-  
tional president.

## SAGASTA MUCH DEPRESSED.

Premier Disturbed Over the Attitude of  
Silveira.

Madrid, Sept. 9.—In the council of  
ministers Thursday Sagasta was very  
much depressed, owing, it is believed,  
to the attitude of Silveira. A crisis is  
generally spoken of. The peace com-  
missioners for the Paris conference  
will only be nominated after the de-  
bate on the protocol. The names of  
the commission published in New  
York are totally delusive, because at  
the present moment nothing is certain  
—not even the duration of the ministry  
—and the commissioners must abso-  
lutely hold a conference with the ex-  
isting government.

## Germany Makes a Threat.

Rome, Sept. 9.—A dispatch to the  
Tribuna from Paris says Count von  
Munster, the German ambassador, has  
notified the French government that  
if letters in connection with the Drey-  
fus case, purporting to have been  
written by Emperor William, are pro-  
duced in court as other than the for-  
geries which they are he will demand  
his passports.

## Illinois' 1898 Assessment.

Springfield, Ill., Sept. 9.—The state  
board of equalization will meet next  
Tuesday. A comparative statement of  
the assessments of the state by coun-  
ties shows a decrease for 1898 of \$20,-  
292,292. Cook county is decreased  
\$17,623,946; Morgan comes next with  
\$2,374,989. McHenry shows the largest  
increase, being \$241,611. The total as-  
sessment is \$693,443,706.

## WHOLESOME ADVICE

For People Whose Stomachs Are Weak  
and Digestion Poor

Dr. Harlandson, whose opinion in  
diseases is worthy of attention, says  
when a man or woman comes to me  
complaining of indigestion, loss of ap-  
petite, sour stomach, belching, sour  
water-risings, headaches, sleepless-  
ness, lack of ambition and a general  
run down nervous condition I advise  
them to take after each meal one or  
two of Stuart's Dyspepsia Tablets, al-  
lowing the tablet to dissolve in the  
mouth, and thus mingle with the food  
eaten. The result is that the food is  
speedily digested before it has time to  
sour and ferment. These tablets will  
digest food anyway whether the stom-  
ach wants to or not, because they con-  
tain harmless digestive principles, veg-  
etable essences, pepsin and Golden  
Seal which supply just what the weak  
stomach needs.

I have advised the tablets with  
great success, both in curing indige-  
stion and to build up the tissues, in-  
crease flesh in thin nervous patients,  
whose real trouble was dyspepsia, and  
as soon as the stomach was put to  
rights they do not know what sickness  
was.

A fifty cent package of Stuart's Dys-  
pepsia Tablets can be bought at any  
drug store, and as they are not a se-  
cret patent medicine, they can be used  
as often as desired with full assurance  
that they contain nothing harmful in  
the slightest degree; on the contrary,  
anyone whose stomach is at all de-  
ranged will find great benefit from the  
use of Stuart's Dyspepsia Tablets.  
They will cure any form of stomach  
weakness or disease except cancer of  
the stomach. Full size package at  
druggists 50c or \$1.00 or by mail from  
Stuart Co., Marshall, Mich.

You invite disappointment when you  
experiment. Dr. Witt's Little Early  
Risars are pleasant, easy, thorough  
little pills. They cure constipation  
and sick headache. People's Drug Co.,  
corner Main and Milwaukee streets.

## Wisconsin Day at the Omaha Exposition

For this occasion the O. & N. W.  
will sell tickets to Omaha and return  
on Sept. 11 and 12 with return limit  
of 17th at \$10.25. Telephone 47-3.

## A Sunday Excursion to Devil's Lake

On Sunday, Sept. 18 the O. & N. W.  
Ry. will run an excursion train to  
Devil's Lake leaving Janesville at 9:10  
a. m. and returning at a reasonable  
hour here for the round trip only  
\$1.50. Telephone 47-3.

## Four Colorado Conventions.

Colorado Springs, Col., Sept. 9.—At  
the end of the first day's meeting of  
the four state conventions here the situa-  
tion seems no clearer than yesterday.  
The chances for fusion between the  
democrats, populists and the Teller  
branch of the silver republican party  
appears little brighter.

## MINE OPERATORS IN COURT.

Charged with Conspiracy and Neglect of  
State Regulations.

Pana, Ill., Sept. 9.—The several op-  
erators who have been under guard  
of 200 deputies at the Springside Min-  
ing Company plant were guarded to  
the Baltimore and Ohio shops, near the  
edge of the city, early Thursday morn-  
ing, where they took passage to Tay-  
lorsville, to dissent to the two injunc-  
tion cases brought against them, one  
being a charge of conspiracy and the  
other the case of the state enjoining  
the operators from operating the mine,  
owing to defective escapement entry.  
There is no doubt but if the cases are  
decided against the miners trouble and  
bloodshed will follow.

Sheriff's Colored rough riders are  
in control of the city. Deputy hire is  
proving very expensive to the county  
and the taxpayers are claiming it is a  
steal. It requires fully \$800 daily to  
pay the expenses.

## Work on Nicaragua Canal.

Washington, Sept. 9.—Admiral Wal-  
ker, president of the Nicaraguan canal  
commission, has returned to Washing-  
ton and is again devoting his attention  
to the collation and compilation of the  
material which will form the substance  
of the report of the commission. The  
admiral says that the commission has  
now about 250 men at work along the  
line of the proposed canal and they  
will stay there throughout the rainy  
season. Admiral Walker is confident  
that the commission will be able to re-  
port to congress at the approaching  
session, and while he says the neces-  
sary data has not been obtained to  
accurately determine the cost of the  
canal, he feels sure that the project will  
be shown to be entirely practicable and  
worthy of execution.
